AGO

Portable Safety Screen

Lightweight frames of the AGO portable safety screens are constructed of plated, corrosion resistant, heavy duty tubular steel, consisting of slip joint design with easy press spring locks for simple and adjustable assembly. Support legs are of adjustable spring lock design that allows leg to be folded parallel to screen for compact storage. Sturdy plated hinges permit easy folding for compact storage and handling on two, three and four panel models. Heavy duty plated frame hooks secure curtains to frames.

AGO portable safety screens can be used as:

- Welding booths
- Grinding shield
- Dividing partitions

Specify curtain fabric choice
001 — Yellow "see thru" vinyl
